

## What Does Camp Cost?

Summer camp is a positive life-changing experience for so many and we believe that everyone should have the opportunity to come to camp. We are proud of our extensive campership program and that all our programs are priced well below the regional average.

Recognizing that families have differing abilities to pay, we are introducing a voluntary tiered pricing structure. Rather than raise prices on all families, tiered pricing essentially asks families with greater financial means to consider selecting a rate the more closely reflects the true cost of camp. Tier selection does not influence the quality of the camp experience, but it does help us to continue to provide excellent programs, staffing, and facilities to everyone that attends BCC.

Tier A- Subsidized- In order to keep camp as affordable as possible, this tier is a rate that is supported by our greater camp community through donations to camperships and other fundraising efforts.

Tier B- Direct Cost- This tier more closely reflects the direct costs of the specific expenses incurred during a camper's week including food, housing, summer staff, and program materials.

Tier C- True Cost- For families who are financially able to pay Tier C pricing, this more accurately reflects the true cost of camp including all aspects of maintaining facilities in good condition, insurance, utilities, and other expenses necessary in operating camp throughout the year. By choosing this tier, you provide for the long-term sustainability and growth of Bear Creek Camp.

|                     | Classic Camp (Full Week) | Try Camp (Half Week) |
|---------------------|--------------------------|----------------------|
| Tier A- Subsidized  | \$505                    | \$335                |
| Tier B- Direct Cost | \$555                    | \$385                |
| Tier C- True Cost   | \$605                    | \$435                |
